

## Willow

## The Creatures

I remember the island  
There's a tale to tell  
Spin of the water wheel  
Crack to the conger eel  
A triangular canvas  
In a sea of green  
Translucent Man O' War  
Staring to the shore  
Roller coaster rides  
A wish on the fairy bridge  
When lightning almost struck  
We kicked the rock for luck  
I remember the ferry ride  
I remember the night she died  
All scenes from a play we see  
Plainly  
Slipped out of the blue  
Into the black  
I remember the island  
But we can't go back  
Willow  
Willow  
Willow
