

## The Garden

## The Creepshow

There's a dark fading light  
In the garden where you  
Lay your head tonight  
Through the darkened hours  
Were you thinking of me?  
A state of sleep  
Is what you'd rather be

There's a pale  
Purple moonlight  
In the garden where you  
Lay your head to die  
Frozen dreams and nightmares  
Have you forgetting a dream  
Of what you always thought  
You could have been?

Hey don't draw the line  
Did you know that you're right?  
So baby blue don't cry  
Don't you go now...  
Don't you go now...

There's a stale morning light  
In the garden where you lay  
All through the night  
Through this poisoned nightmare  
Have you set yourself free  
With thoughts and dreams  
Of what you're gonna be?

Hey don't draw the line  
Did you know that you're right?  
So baby blue don't cry  
Don't you go now...  
Don't you go now...

Hey don't draw the line  
Did you know it'll be all right?  
So baby blue don't cry  
Don't you go now...  
Don't you go now...

Hey don't draw the line  
Did you know it'll be all right?  
My baby blues don't cry  
Don't you go now...  
Don't you go now...  
Hey don't draw the line  
Did you know that you're right?  
So baby blue don't cry  
Don't you go now...  
Don't you go now...
