Modern Way

I know cause I've seen it It was grey and I want it There's no point in sitting Going crazy on my own Do you know what I was put here in the world for Could you tell me In three words or more It's the only way of getting out of here It's the only way of getting out of here

Take a lesson From the ones who have been there My brain is not damaged But in need of some repair Hold on to the basics But we can't change all our tactics Don't just sit there Going crazy on your own

It's the only way of getting out of here It's the only way of getting out of here

This is the modern way Faking it everyday Taking it as they come We're not the only ones Is that what we used to say That this is the modern way?

I know where I'm going I know we are in the knowing I will stop at nothing Just to get what I want

It's the only way of getting out of here It's the only way of getting out of here

This is the modern way Faking it everyday Taking it as they come We're not the only ones Is that what we used to say That this is the modern way?
