Contact

The Cross

Feeling strange, turn around do it again Feeling alright, feel like contact tonight Well you know what it says and you know what you feel And you know what it's like and you know it's for real Take it to the limit, take it to the height Take it to the limit, contact tonight Don't speak, don't break the spell Let's dance, you dance so well I contact you, you contact me Across the room our glances meet I contact you, eye contact, eye contact Feeling fine, feel like dynamite Eyes speak more than words can say Sparks fly eye contact is made Well you know what it says And you know what you feel Well you know what it's like And you know it's for real So take it to the limit, take it to the height Take it to the limit, contact tonight Breathe deep let your feelings show, Let's dance but not too slow I contact you, you contact me, across the room Our glances meet, I contact you... Eye contact, eye contact Take it to the limit, take it to the limit, Eye contact, eye contact...
