

## Out For Blood

The Crown

A demon in my blood  
In a dark crimson urge  
Chained down like a dog  
The thirst is my curse  
Out for blood - Out for blood  
We prowl the streets at night  
Blood hot - Heart cold  
In the shadows we await  
To feast upon your soul  
Out for blood - Out for blood  
We only come out at night  
To drain you of your life  
Undead horror alive  
Pulling the trigger inside  
A demon in my blood  
In a dark, crimson urge  
Chained down like a dog  
The thirst is my curse  
Out of blood - Out for blood  
We only come out at night  
To drain you of your life  
Undead horror alive  
Pulling the trigger inside

We only come out at night  
To drain you of your life  
Undead horror alive  
Pulling the trigger inside  
Out for blood - Out for you  
I want blood - I want you  
Out for blood - Out for you  
I want blood - I want you
