

Out For Blood

The Crown

A demon in my blood
In a dark crimson urge
Chained down like a dog
The thirst is my curse
Out for blood - Out for blood
We prowl the streets at night
Blood hot - Heart cold
In the shadows we await
To feast upon your soul
Out for blood - Out for blood
We only come out at night
To drain you of your life
Undead horror alive
Pulling the trigger inside
A demon in my blood
In a dark, crimson urge
Chained down like a dog
The thirts is my curse
Out of blood - Out for blood
We only come out at night
To dfRAIN you of your life
Undead horror alive
Pulling the trigger inside

We only come out at night
To dfRAIN you of your life
Undead horror alive
Pulling the trigger inside
Out for blood - Out for you
I want blood - I want you
Out for blood - Out for you
I want blood - I want you
