

# The Devil And The Darkness

The Crown

He is the Fallen, the Desolate One  
The castaway banished in darkness  
When I am betrayed and left all alone  
I can feel His call in my soul  
The calling for me to stand as proud as Him  
Brave and strong! My choice is to follow the way of the Devil!

The Devil and the darkness!

He is my weapon, my rage and my sword  
The spirit of total revolt  
They say that He's evil, then evil I am  
Committing each sin with a smile!  
Declaring war against the pigs playing almighty God  
My enemies are those who try to rule my life

Follow my dream in the shadow of death  
The calling of Hell, the calling of Satan!  
Follow my dream in the shadow of death  
The calling of Hell, the calling of Satan!  
Dream, death, Hell, Satan!  
Dream, death, Hell...  
The Devil and the darkness!

Prince Loneliness! You hated one  
Vengeance be thy name, thy kingdom to come  
Destruction be done in heave as it is on earth!

Oh bless me tonight with your loveliest gifts and grant me your pride  
So that I never shall bow my head down  
Son of Fire spread your wings!  
And the victory shall be ours!  
And the glory! And the power!  
Forever! Satan!

I charge you, I charge you! You cursed Jehovah!  
And every enemy of spiritual freedom!  
The sound of my heart is my only law  
And my choice is to follow the way of the rebel  
Lucifer, the fallen lonely Morningstar  
shall rise again! The Day of Revenge is at hand!

Follow my dream in the shadow of death  
The calling of Hell, the calling of Satan!  
Follow my dream in the shadow of death  
The calling of Hell, the calling of Satan!  
Dream, death, Hell, Satan!  
Dream, death, Hell...  
The Devil and the darkness

You have seen me fall... fall from grace  
Now watch me rise... rise against you all... fuckers!
