

# Through Eyes Of Oblivion

The Crown

Onward goes our black winged seer  
Shadows pound on the walls of souls  
Fists bleed from holy wounds  
Lost in reason, plunder our fears

We plunder our fears

Through eyes of oblivion  
Visions of greater ones  
Through eyes of oblivion  
The truth told only once

Blood worn, hate torn  
Master of the black  
Tongue tied, minds lie  
Arcane twisted snake  
Blood worn, hate torn  
Master of the black  
Tongue tied, minds eye

The secret lies in the heavens  
Destroys the black and it's guise  
Gaze into eyes of oblivion  
Where darkness is the light

With voice loud as thunder  
I speak of horrors  
Greater than this  
The caverns of my mind  
Hold the visions  
Of blackened bliss  
Fearless  
I hereby challenge  
This arcane snake  
Expose all weakness  
About to break

Blood worn, hate torn  
Master of the black  
Tongue tied, minds lie  
Arcane twisted snake  
Blood worn, hate torn  
Master of the black  
Tongue tied, minds eye

The secret lies in the heavens  
Destroys the black and it's guise  
Gaze into eyes of oblivion  
Where darkness is the light

In the land of the blind  
The one-eyed man is king  
This behemoth conquered  
Caged souls released

Through eyes of oblivion  
Visions of greater ones

The truth told only once
