

## Comin' Back

### The Crystal Method

I know that i don't understand  
the way my feelings roam  
i've got to look outside again  
and wonder where i've gone

I looked into someone's eyes again  
and it's been oh so long  
i never meant it to talk again  
i try to silence you

you keep coming back again  
you keep coming back for more

and then you come back  
and haunt my mind  
you tried to make me look good  
you know i just don't have the time  
i never ever understood

you keep coming back again  
you keep coming back for more  
you keep coming back again  
you keep coming back for more

you keep coming back again  
you keep coming back for more  
you keep coming back again  
you keep coming back for more  
(you keep coming back again  
you keep coming back for more)  
you keep coming back again  
you keep coming back for more  
you keep coming back again  
you keep coming back for more
