

Drown In the Now

The Crystal Method

Oh yeah, oh yeah

Like I rock when I rip it
When I'm rollin' on clouds
Shout loud, breathe in
Won't you drown in the now?

Back when I rip it
When I'm rollin' on clouds
Shout loud, breathe in
Won't you drown in the now?

Rock when I rip it
When I'm rollin' on clouds
Shout loud, breathe in
Won't you drown in the now?

Said I rock when I rip it
When I'm rollin' on clouds
Shout loud, breathe in
Won't you drown in the now?

Starship rippin' through the night
Trickin' through your sights, pop up
