The Crystal Method

Turn your head up
It don't feel good
Turn your head up
Turn your head up
It don't feel good
Turn your head up
Think about that good
things that I did to
you
And think about the
bad things that I
didn't do
That I didn't do
That I didn't do
That I didn't do

Turn your head up
It don't feel good
Turn your head up
You don't wanna take it
Turn your head up
It don't feel good
Turn your head up
You don't wanna take it
Turn your head up
It don't feel good
Turn your head up
You don't wanna take it

Think about that good
things that I did to
you
And think about the
bad things that I
didn't do
That I didn't do
That I didn't do
That I didn't do
Turn your head up
You don't wanna take it

Turn your head up
It don't feel good
Turn your head up
You don't wanna take it

Turn your head up
