

She's My Pusher

The Crystal Method

I know that I don't understand
The way my feelings arose
I've got to look outside again
And wonder where I have gone

I looked into someone's eyes again
And it's been oh so long
I never meant it to talk again
I tried to silence you

You keep comin' back again
You keep comin' back for more

And then you come back and haunt my mind
You try to make me look good
You know I just don't have the time
I never ever understood

You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more
