

Look In My Eyes

The Crystals

Look in my eyes (look in my eyes)
And tell me you love, love me
Tell me you want, want me
Or, darling, I'll be gone (gone gone gone), gone

Look in my eyes (look in my eyes)
And tell me that you're my one heartbeat
And that our love will always be
Or, darling, I'll be gone (gone gone gone), gone

(Oooh...)
You said more time
So, open your heart and mine
Now, speak to me
Do you want me?
I got to have so much
Of your touch
Come and love me, please,
Or, darling, set me free

Look in my eyes (look in my eyes)
And tell me you love, love me
Tell me you want, want me
Or, darling, I'll be gone (gone gone gone), gone
