

## Bad Fun

The Cult

Bad fun sister, time to go  
Life's too short, on with the show  
I said, get your kicks on the razor's edge  
Atomic bomb overhead

Set controls for the sun  
Bad fun baby just begun  
Rhythm like a rumblin' train  
Hit those skins, explode my brain

Spirit like a rumblin' train  
Spirit of the thunderin' rain  
Vibrations got you on the run  
Electric child on bad fun

Mayhem children take no lip  
Rev your engine from the hip  
Yeah nighttime, she's callin' you  
Ghetto star you'll go far

Dress up in your fancy clothes  
Set good times to overload  
Rhythm like a rumblin' train  
Hit those skins, explode my brain

Spirit like a rumblin' train  
Spirit of the thunderin' rain  
Vibrations got you on the run  
Electric child on bad fun

Spirit like a rumblin' train  
Spirit of the thunderin' rain  
Vibration got you on the run  
Electric child on bad fun, get up

Spirit like a rumblin' train  
Spirit of the thunderin' rain  
Vibrations got you on the run  
Electric child on bad fun

Spirit like a rumblin' train  
Spirit of the thunderin' rain  
Vibration got you on the run  
Electric child on bad fun

Yeah  
Ow  
Ow  
Yeah
