

Deeply Ordered Chaos

The Cult

I'm a European
Tears fall on the altar
I'm a European
Patience is my daughter
Is this the western dream
Defend our liberty

I'm a European
Blood for holy water
I'm a European
Africa my mother
Is this the western dream
Defend our liberty

What you looking at
Who you dreaming of
What you leave behind?

A child of liberty
I opened my eyes
Defend Paris

Violence in my head
I'm a European
Violence in my head
I'm a European
Witnessing the fall
From the perfumed lands
Syria the fall, weep for you
