

Revolution

The Cult

Pictures of never ending dreams
I can't see what these images mean
Locked inside me
Can't set the rainbows free
Like perishing flowers
They sag and twist and die

There's a revolution
There's a revolution, yeah
There's a revolution
There's a revolution

Sorrow
What does revolution mean to you?
To say today's like wishing in the wind
All my beautiful friends have all gone away
Like the waves
They flow and ebb and die

There's a revolution
There's a revolution
There's a, there's a revolution
There's a revolution

There's a revolution
There's a revolution
There's a revolution
There's a revolution, yeah

Joy or sorrow
What does revolution mean to you?
To say today's like wishing in the wind
All my beautiful friends have all gone away
Like the waves
They flow and ebb and die

There's a revolution
There's a revolution
There's a revolution
There's a revolution

Revolution
Revolution
Revolution
Revolution

Revolution
Revolution
Revolution
Revolution, yeah
