

Until the Light Takes Us

The Cult

Exterminatin' angel
With burnin' sword in hand
Cast out these snakes these heathens
A judgment made a sentence past

You're not gonna use us
You're not gonna push us to the ground
You're not gonna fool us
You're not gonna turn us inside out

Your shallow beauty fadin'
While only bones remain
A blackest heart's procession
No love to give you only take the light away

You're not gonna use us
You're not gonna push us to the ground
You're not gonna fool us
You're not gonna turn us inside out

You're not gonna use us
You're not gonna push us to the ground
You're not gonna fool us
You're not gonna smash our skulls and bones

Language is broken
The path is ferocious
Ascend to the highest
Through canyons of fire
Chaos surrounds us
Who comes against us
As above so below

Until the light takes us
Until the light takes us
Until the light takes us
Until the light takes us
Save us
