

# All I Want

The Cure

Tonight I'm feeling like an animal  
Tonight I'm howling inside  
Tonight I'm feeling like an animal  
Tonight I'm going wild

And all I want is to be with you again  
And all I want is to hold you like a dog  
And all I want is to be with you again  
With you again  
Just to hold you like a dog

Tonight I'm screaming like an animal  
Tonight I'm losing control  
Tonight I'm screaming like an animal  
Tonight oh I'm getting so low

And all I want is to be with you again  
And all I want is to hold you like a dog  
And all I want is to be with you again  
With you again  
Just to hold you like a dog  
That's all I want
