

## In Your House

## The Cure

I play at night in your house  
I live another life  
Pretending to swim  
In your house  
I change the time in your house  
The hours I take  
Go so slow

I hear no sound in your house  
Silence  
In the empty rooms  
I drown at night in your house  
Pretending to swim  
Pretending to swim
