

## Last Dance

The Cure

I'm so glad you came I'm so glad  
You remembered to see how we're ending our last  
Dance together expectant too punctual but  
Prettier than ever I really believed that this time  
It's forever

But older than me now more constant more real  
And the fur and the mouth and the innocence  
Turned to hair and contentment that hangs in  
Abasement a woman now standing where once  
There was only a girl

I'm so glad you came I'm so glad you  
Remembered the walking through walls in the  
Heart of December the blindness of happiness  
Of falling down laughing and I really believed  
That this time was forever

But Christmas falls late now flatter and colder  
And never as bright as when we used to fall all  
This in an instant before I can kiss you a woman  
Now standing were once there was only a girl

I'm so glad that you came I'm so glad you  
Remembered to see how we're ending our last  
Dance together reluctantly cautiously but  
Prettier than ever I really believed that this time  
It's forever

But Christmas falls late now flatter and colder  
And never as bright as when we used to fall and  
Even if we drink I don't think we would kiss in  
The way that we did when the woman was only a  
Girl
