

# The Exploding Boy

## The Cure

I couldn't hear a word you said  
I couldn't hear at all  
You talked until your tongue fell out  
And then you talked some more  
I knew if I turned  
Knew if I turned  
I'd turn away from you  
And I couldn't look back  
And I couldn't look back

Tell yourself we'll start again  
Tell yourself it's not the end  
Tell yourself it couldn't happen  
Not this way  
Not today  
Not today

I couldn't hear a word you said  
I couldn't hear at all  
You talked until your tongue fell out  
And then you talked some more  
I knew if I turned  
Knew if I turned  
I'd turn away from you  
And I couldn't look back  
And I couldn't look back

Tell yourself we'll start again  
Tell yourself it's not the end  
Tell yourself it couldn't happen  
Not this way  
Not today  
Not today  
Not today  
Not today
