The Top

I don't care If only I could say that And not feel so sick and scared I don't care If only I could say that If only my eyes would close

It's jesus brilliant You used to laugh Walking these gorgeous blocks This top is the place Where nobody goes You just imagine You just imagine it all

Every day I lie here And know that it's true All I really want is you Please come back Please come back Like all the other ones do

Please come back All of you **The Cure**
