

Your God Is Fear

The Cure

Your god is fear
That all you are
Is all there is
Your god is fear
And nothing more
Of all of this
Your god is fear
Been and gone
in the blink of an eye
Fear of ever breathing
Fear of ever leaving
Fear of ever changing
Forever, for now
Your god is fear
Your god is fear
Your god is fear
Your god is fear
That all you are
Is all there is
Your god is fear
Of nothing more
Than all of this
Your god is fear
Been and gone
In the blink of an eye
Fear of ever choosing it
Fear of ever losing it
Fear of ever playing
Forever, for now
Your god is fear
Your god is fear
Your god is fear
Just for a moment
Feel it inside
Feel it alive
Feel your desire
Feel it catch fire
Feel it inspire
How all you are
Is all there is
Nothing ever moves
In anything
Open your mind
Step out of time
Let yourself die
And your god is
Your god is
Your god...
