

Well I think you know enough to sing about hate in nine to fivers
Well you're a bloody hypocrite, just a dirty social climber

Nine to fiver
Social Climber
Oh yeah

Well you think you're the next big up and coming thing
You're the beautiful people, you really think you're hip
With all your trust, fame and fortune too
Well if that's what you think, then you ain't got a fuckin' clue

Nine to fiver
Social Climber
Oh yeah

Mysterex, you think you are, but we know you're not
Mysterex, you think you are, but we know you're not
Mysterex, you think you are, but we know you're not

Well I think you know enough to sing about hate in nine to fivers
