## **Out of My Head**

Getting out! (3x)

Get tight, Getting loaded Walk right, on over Turn up, Stay late Time to nail me another mistake Destroy, Displace Outside of the human space I need, some action I gotta get myself some satisfaction

Hey now! Hey now! I gotta find a way to get out! Hey now! Hey now! Gotta get a ticket out! Hey now hey now Outta my head Hey now hey now Outta my head!

Pick up, Warp speed Get a hold of the things I need No calls, No show No rain no place to go Magazine, fade out No time like, right now Just one, solution Yeah I've gotta get things moving

Out of my head (3x)

Taken way to much And im cracking up This place self destroyed Defaced, paranoid

I'm going out of head! (4x)
