

# Don't Bother Me

The Damned

I say hello don't think that I don't know you're listening to me  
But please don't bother me  
Don't bother me

You bought this thing so I would sing about that awful nuclear thing  
I hope won't bother me  
Won't bother me

Your rolling stones and pop star clones don't even want to hear their moans  
I say don't bother me  
Don't bother me

Those men of steel I really feel are quite extremely unreal  
I wish they'd all just fade away

So here am I under the sky can I ask you  
Without a lie to please don't bother me  
Don't bother me

I'm in a hole just like a mole  
Don't give a toss lady in her mink stole  
Don't bother me  
Don't bother me

The people change they rearrange but stay the same  
It's awfully strange  
But they don't bother me  
Don't bother me

Until the day their troubles stray on to my patch  
Like tony hatch's 'crossroads' theme  
Please go away  
Go away  
Not interested
