

# I Fall

## The Damned

I gotta full moon  
A smaller room than I need  
A candy store a sexy whore  
Yes I bleed  
A sifting sand and an electronic hand  
Yes I'm fine  
I've got a pissed of god a government shock  
Yes I'm blind

And I fall  
Well I fall  
Well I fall  
Yeah I fall

My mind's a raging blame  
A crying shame and I'm sad  
A city of sin a bottle of gin  
So dog-gone bad  
A cool reaction for the big attraction  
That's fine  
A pissed off god a government shock  
Well I'm blind

And I fall  
Well I fall  
Well I fall  
Yeah I fall

I'm a falling angel  
Falling down  
Be a falling angel  
Won't you come around?  
Don't be scared to follow  
It's no crime  
You're a falling angel  
Before your time

And I fall  
Well I fall  
Well I fall  
Yeah I fall
