

# I Feel Alright

The Damned

Hey, Keith  
Alright  
Outta my mind on a Saturday night  
Nineteen seventy seven babies rollin' in sight  
Radio's burning up above  
Beautiful baby, be my love  
Alright, feel cool always  
Alright, feel cool always  
I feel alright, I feel alright  
I feel alright  
Where's your baby? Burn my heart  
Take your baby, burn my heart  
Fall apart now baby, fall apart  
Where's your baby? Burn my heart  
Alright, feel cool always  
Alright, feel cool always  
I feel alright, I feel alright, I feel alright  
I feel alright, I feel alright  
Outta my mind on a Saturday night  
Nineteen seventy seven babies rollin' in sight  
Radio's burning up above  
Beautiful baby, be my love  
Alright, feel cool always  
Alright, feel cool always  
I feel alright, I feel alright, feel alright  
Feel alright, feel alright  
[Incomprehensible]  
Alright, alright
