

## Obscene

## The Damned

Obscene  
The scene  
The dream  
Obscene  
Demi-gods on golden thrones  
Spend most of their time all alone  
We're living through them until a decent to hell  
Becomes our breakfast thrill  
Flesh and blood to dust return  
But fantasy we learn goes on and on  
The dream  
Shining with an inner light  
Indefinable and bright  
We begin to smell the kill  
Sharing every precarious thrill  
Flesh and blood may now decay  
But forever young - always you will stay  
Obscene  
The scene  
The dream  
But look - coming on the scene  
Another cat to die for teenage dream  
Obscene  
The scene  
The dream
