## 'Til the End of Time

## The Damned

I've woken from darkness with passion You're surely to blame for it This torture so wicked You hurt me just for the hell of it 'Til the end of time The end of time You will be mine You want me, I need you Don't ever say that it cannot be You're wondering, I'm dreaming I hope and pray that you'll stay with me 'Til the end of time The end of time You will be mine Love don't play be rules so Ignore the world when it cannot see Feels strange now, I'm chained now It's only you that can set me free 'Til the end of time The end of time You will be mine I sit in the dark and, and wonder Wonder what might have been Alone now forever no sweeter pain Than those memories
