

Goodnight Tonight

The Damnells

How do you walk around me
How do you walk without seen
You're killing me
Just let me play
I built this bridge and burned it away

And pray for goodbye tonight
Goodnight
And pray for goodbye
Goodnight
Tonight

Coming in just under speed
Winning with both broken knees
Lighten up and get us a drink
Kissing up despite what you think

And pray for goodbye tonight
Goodnight
And pray for goodbye
Goodnight
Tonight
