

# Goodnight Tonight

The Damnells

How do you walk around me  
How do you walk without seen  
You're killing me  
Just let me play  
I built this bridge and burned it away

And pray for goodbye tonight  
Goodnight  
And pray for goodbye  
Goodnight  
Tonight

Coming in just under speed  
Winning with both broken knees  
Lighten up and get us a drink  
Kissing up despite what you think

And pray for goodbye tonight  
Goodnight  
And pray for goodbye  
Goodnight  
Tonight
