

Best Friend

The Dandy Warhols

Best friend, I see you in the end
Broken for a while but maybe we could mend
Best friend, I'm feeling a lot of love
And filling up my time again.
I'll see you in the end.
I will again

Best friend, I'm really up again
The world is alone but bitter to the end
Best friend, I'm really high again
And figuring out my Head.
Yeah, I'll see you in the end.
I will again,
-gain,
-gain,
-gain.
