

Down Like Disco

The Dandy Warhols

I want you, I think so
I wanna get round like Tokyo
I won't tell, will freak you
I wanna go down like this girl (wisk go)

I want you, California
I don't want to get shown like I'm on ya
I won't tell, won't miss though
I wanna get down like disco

I'm, coming on all of the time

I'll whip one, out of this joint
See a red neck burn like I must go
Temperamental, never miss though
I wanna go down like disco

I wanna get in, I wanna get out
I wanna go up and then I wanna come down

I wanna get in, I wanna get out
I wanna go out and then I wanna high
Coming on, all of the time

I want you, I don't think so
I don't wanna come down like disco

I wanna get in, I wanna get out
I wanna get up and then I wanna come down
I wanna get in, I wanna get out
I wanna get out and then I wanna get high
Coming on, all of the time

I'm coming on, all of the time
Coming off, all of the time
