

# Love Is the New Feel Awful

The Dandy Warhols

I don't know where I said anything like that. I really fucked it up

So what about you  
convincing me all the time  
all my aching life  
forget all

and what about me  
deciding you all of the time  
my aching life  
forget all

Announcing me  
is all about you all of the time  
my aching life.  
Forget all

And what about me  
deciding you all the time  
of my aching life  
forget all.

It's all about you  
convincing me  
all the time  
all my aching life  
forget all

and what about me  
deserving you  
of the time  
of my aching life  
forget all

So what about you  
what about you  
of my aching life  
forget all.
