

Love Is the New Feel Awful

The Dandy Warhols

I don't know where I said anything like that. I really fucked it up

So what about you
convincing me all the time
all my aching life
forget all

and what about me
deciding you all of the time
my aching life
forget all

Announcing me
is all about you all of the time
my aching life.
Forget all

And what about me
deciding you all the time
of my aching life
forget all.

It's all about you
convincing me
all the time
all my aching life
forget all

and what about me
deserving you
of the time
of my aching life
forget all

So what about you
what about you
of my aching life
forget all.
