

## Not Your Bottle

The Dandy Warhols

That's not your bottle,  
Nor what's inside  
I guess they brought it  
Just for them.  
How did you get in?  
That's fucking right  
None of my friends would bother  
to even bother.

Benjamin's marijuana,  
Michael brought a keg.  
Well, the skaters are high on mushrooms  
Passing out hits of LSD.

Philip wants to be a rock star,  
But he's a bit uptight.  
So he brings his favorite Bettys  
With a bottle full of whiskey  
And he sits on the couch all night.
