

Solid

The Dandy Warhols

Well I must have a door in the back of my head.
Where I dump out all the crap so I can just feel solid again.
No more sittin' around thinkin' about your hair,
cause I must have a door in the back of my, back of my head.

Yeah. I got a beautiful new Asian girlfriend.
She comes over and hangs around for days in my bed.
You can't seriously believe I'm thinking about you man.
Cause I must have a door in the back of my, back of my head.

Well it's a brand new day and I'm walking around old town.
I feel cool as shit cause I got no thoughts keeping me down.
I'm thinking blah de blah blah blah to your trip.
Cause I must have a door in the back of my, back of my head.
Yeah. Back of my head, Yeah I must have a door there.
