

This Is the Tide

The Dandy Warhols

You can't be everything to everyone. Your time is up, no - what 's done is done. You know it's true. Don't call my name - a new life has begun.

This is the tide...

And I don't feel you, I don't hear you now. Your just a habit, I will have you know. Every love you've had is over now, Every life you've lead has let you down... [hey Hey HEY!]

This is the tide...[repeated]
