

That Sure Ain't Right

The Datsuns

Hurry up and wait
Stand in line
Well I got better things to do with my time
Hold my hand just for tonight
For that's the done thing for kids our age right?

Well that sure ain't cute so im gonna turn away
(My, my, mmm, my baby)
Sure ain't cute so im gonna turn away
(My, my, mmm, my baby)
Sure ain't cute, it sure ain't right
So out of touch I keep out of sight
'Cause it can't and it won't and it can't

Stop the mechanism
Start up the works
From the top of the stairs to the cellar it lurks
Hold my hand just for tonight
For that's the done thing for kids our age right?

Oh, no, no

Hey, liked your smile
You don't know about fashion but you know about style
Oh, it's a sin
How you gave it up
How you let them win
I'm sorry I don't mean to pry
I've sucked the conversation dry
'Cause it can't and it won't and it can't stop

Well that sure ain't cute so im gonna turn away
(My, my, mmm, my baby)
