

Everybody Knows (i Still Love You)

The Dave Clark Five

Everybody knows you've been treating me bad
Everybody knows you've been makin' me sad

Well you don't have to lie 'cause I'm no fool
I can see you don't want my love at all
I know, I still love you

Everybody knows he's been hanging around
Everybody knows you've been painting the town

He could never love you the way that I do
And maybe I'll find somebody else
But oh, I still love you

Every night I keep on cryin'
And I pray that you'll stop lyin' to me

Everybody knows you will never be mine
Everybody knows I've been wasting my time

I want to forget you as fast as I can
But every time I see you the hurtin' begins again
I still love you

Everybody knows, everybody knows
