

Mother Ocean

The Daysleepers

the ocean will take my hand
and, bury me in the blue sand
carry me safe from harm
lay my head down and disarm

because i really want to
but i don't know how to

the coral becomes my skin
water, i now can breathe in
though silent the sea is strong
broke by the distant whale song

because i really want to
leave this land i once knew
but am i really worth it?
is this really worth it?

i am an aura
all around you
she is the warm glow
when the currents flow

i am at home now
here in your heart
when the waves break
i'm lost in your wake
