

Ask For Jill

The dB's

Five four one five oh two, what is the number?
Sixty, west sixty, what street is the street?
There is a girl on the fourth or fifth floor
Buzz at reception, slightly disheveled
Ask for Jill
Ask for Jill

She'll run, she'll hide
When you try to confide
What you feel inside, what you feel inside

Now that the building Jack built is for sale
Now that Jonah has swallowed the whale
Don't stand still, ask for Jill

She'll run, she'll hide
When you try to confide
What you feel inside, what you feel inside

Cut it hot, cut it up, cut it clean, cut it slow
When she walks in, pre-groove echo (echo)
Ask for Jill

Hey, it's Chris... what's up? So I heard...
Well look, let's not beat around the bush.
Oh, really?... yeah, I'll hold.
