

# Everytime Anytime

The dB's

I wanna be free to  
Go where I go when I want to  
Now I know that I won't care  
Whether or not, whether or not  
You are there  
I won't care

Gonna be free to  
Think what I think  
Cause what I state  
Is wearing zinc  
And I won't be  
Whether or not, whether or not  
There's no stair  
I'm won't dare

Cause everytime, anytime  
Oh-oh, oh-oh  
Everytime, anytime  
Oh-oh, oh...

Lightning flashes in your eyes, I stop  
Think about  
All the words  
You left out  
When you said  
You believe  
In me

Out of the back porch  
And in the garage  
On the upswing  
And out of the Dodge  
At the red light  
Turn it around, turn it around  
It feels good  
So good

You know the first line  
Is never as hard as a stop sign  
And you're on ice for that white lie  
Oh-no-no-oh, oh-no-no-oh  
I feel good, so good

Cause everytime, anytime  
Oh-oh, oh-oh  
Everytime, anytime  
Oh-oh, oh

Lightning's flying in your eyes, I stop  
Think about  
All the words  
You left out  
When you said  
You believe  
In me

Now that I'm free to  
Go where I go  
And I'm free to  
Do what I do  
Well I do care  
Whether or not, whether or not  
You are there  
Oh yeah

Cause everytime, anytime  
Oh-oh, oh-oh  
Everytime, anytime  
Oh-oh, oh

Lightning flashes in your eyes, I stop  
Think about  
All the words  
You left out  
When you said  
You believe  
In me

Everytime, anytime  
Everytime, anytime  
Everytime, anytime  
Everytime, anytime
