

Moving In Your Sleep

The dB's

Now I've got you
I can watch you
Moving in your sleep
Now that I've found you
I can surround you
Moving in your sleep

There may come a day
When I must go away from here

We are driving
On a highway
Night is growing deep
See the ocean
Ocean highway
Clutching to your sheet

There may come a day
When I must go away from here

I tried to call you
I couldn't reach you
And I tried and tried and tried and tried and tried
There may come a day
When you'll remember me
Remember me

We are leaving
Leaving tomorrow
For parts unknown

There may come a day
When I must go away from here
From here
Remember me
Remember me (I love you)
Remember me
