

On The Battlefield

The dB's

Heard a cry from the battlefield
Get me gone, I'm not fighting blood
If I'd known I'd have never gone
On the battlefield

Meet the boys on the battlefield
See the war, see the end not come
If I'd known what's in front of me
On the battlefield
On the battlefield

Longing for change of atmosphere
Get me gone, get me out of here
If I had known what's become of me
On the battlefield
On the battlefield
On the battlefield

Bring the ones who decide my fate
To the war, if it's not too late
Let them see what's in front of me
On the battlefield
On the battlefield
Let them see who's in front of me
On the battlefield
On the battlefield
On the battlefield

Heard a cry from the battlefield
Heard a cry from the battlefield
On the battlefield
On the battlefield
On the battlefield
On the battlefield
