The dB's

Sharon says can I call you sometime
Let's get together for some fun
I say but wouldn't your boyfriend object
She says I'm meeting him at one

Sharon tells me make no mistake
I want my cake and eat it too
If it was all right with him and was all right with me
Would it be all right with you

We play with fire
Somebody's bound to get burned
But we live and learn
We live and learn
Oh, we do

Sharon tells me she'll never leave him
But she won't leave me alone
He is the one who possesses her heart
But I take her home

And when I'm in her arms, nothing matters
I am adrift in a river
And when she's gone I'm washed up ashore
And I'm left to die with shivers

Sharon sharealike
We play with fire
Somebody's bound to get burned
But we live and learn
We live and learn
Oh, we do

Sometimes I think what we're doing is wrong
Sometimes I don't really care
Tonight the question just doesn't apply
With her standing right there

Sharon sharealike
We play with fire
Somebody's bound to get burned
But we live and learn
We live and learn
Oh, we do

Sharon sharealike
We play with fire
Sharon sharealike
We play with fire
