

Soul Kiss (part One)

The dB's

Yes your party dress
It was my obsession
Now I'm oblivious to that
But it's your soul kiss
That's what I want on my lips
It's your soul kiss
That's what I miss on my lips

Talk, talk, talk in the dark
Crosswords and valentines
Oh that's all very fine
But it's your soul kiss
That's what I've got on my mind
It's your soul kiss
That's what I've got on my mind

You can tell me
What I can't tell you
All the empty visions that fall in two

Sad how sure we can be
About the way things are and the penalties
I loved you and you did too
Now it's your soul kiss
That's what I miss on my lips
It's your soul kiss
That's what I miss on my lips
It's your soul kiss
That's what I miss on my lips

Soul kiss
That's what I miss
