

We Were Happy There

The dB's

Girl, I've never been so tired of living in my life
And now the end is here in sight
'Cause we were happy there
It was a long, long time ago
We were happy there

Girl, they say the time has come for me to be replaced
And now I just can't show my face
'Cause we were happy there
It was a long, long time ago
We were happy there
And we're going to go back home so
Are you happy now?
Are you happy now?
Are you happy now?
Are you happy now?

We were happy there
It was a long, long time ago
But we were happy there
And we're going to go back home so
Are you happy now?
Are you happy now?
Are you happy now?
Are you happy now?
Yeah, are you happy now?
Are you happy now?
And we're going to go back home
