

What's The Matter With Me

The dB's

What's the matter with me
I'm shaking like a leaf on a fallen tree
I'm not lonely
But you can phone me

What's the difference to you
Whether I say adieu
You don't own me
But you could phone me

Oh, what's the matter with me
Tell me please, please, please, please

What's the trouble with this
It all started with a little kiss
Jody says
You're my honey

Guess it's the name of the game
If it's so, I'll take the blame
Everybody
Thinks it funny

Oh, what's the matter with me
Tell me please, please, please, please

I know there are lots of other boys who call you up
But none of them mean anything to you
The way that I do

After all this questioning
I'm sure you wonder why
Part time you're investigated
And the other half I cry
The other half I cry
The other half, the other half I cry

What's the matter with me
I'm sinking like a dog on a frozen sea
Love is here
But you're not near

Guess it's the end of the line
Hurt pretty bad but it feels so fine
When it's clear
You disappear

Oh, what's the matter with me
Tell me please, please, please, please

What's the matter with me
What's the matter with me
With me
What's the matter with me
What's the matter with me
What's the matter with me
What's the matter with me
